Attachments: Riverside Final Feasibility Study Report 07172020 (EPA comments 072020)_FINAL.docx

Attached is the final FS. Please add cover page to this version.

Thanks!

Sorry! There were some minor edits. I will send a clean FS in a few minutes.

Josh

Sounds good to me. While I reach out to Will, Len can someone in your group create the cover sheet with the EPA logo. No changes have been made to the FS that AmyMarie sent earlier. Please go ahead and use that version to finalize the FS with the cover letter.

Thanks!

This document was initiated by Woodward and Curren and finalized by EPA, with oversight provided by WSP.

EPA logo

Date.

Would that work?

Subject: RE: Request to release Final FS for Riverside under Louis Berger/WSP cover

Let's create a cover that it's an EPA document, initiated by W&C, with oversight provided by WSP.

Josh: Can you please ask Will if this is acceptable?

So is this definitive or are you still looking into it? Our discussions earlier today included ORC and they were okay with WSP putting their name on it but they were not looking at the contract details.

Let me know. I am not sure what we need to do to make it an EPA document.

Thanks,

Josh

Josh,

It appears from the letter, maybe this will be an EPA logo on cover with letter to explain the situation?

Did a quick review of our IA scope of work and it's clearly oversight so our scope of services with WSP is also oversight. I imagine the ORC review will not miss that detail. Certainly don't want to get out of step with what our IA funding scope contains and then our contract with WSP.

Subject: [Non-DoD Source] RE: Request to release Final FS for Riverside under Louis Berger/WSP cover

Hi Len,

I have checked in with our records person multiple times on this question. She has said COB today is needed to guarantee that everything will be squared away on their end in time for publication on Wednesday. Attached is the current draft going around here that may be helpful. ORC is still reviewing so there is a good chance it will change.

Subject: Request to release Final FS for Riverside under Louis Berger/WSP cover

Hello all:

I've checked in with our management and legal on the request to issue the Final FS for Riverside Industrial under WSP cover. I've received input from our attorney on language for a cover letter and a foreword, which is still going through management review and comment. Our QC approach is different for a document deliverable than it is for technical comments – I know that we are targeting completion of the Final FS by COB today for posting to the EPA Admin Record – but what is the absolute max time that we could have for some additional tiers of QC review today to put out the FS with a Louis Berger cover on the document?

Best regards, Len
